

# Duckworth Lewis Using Play Cricket Scorer

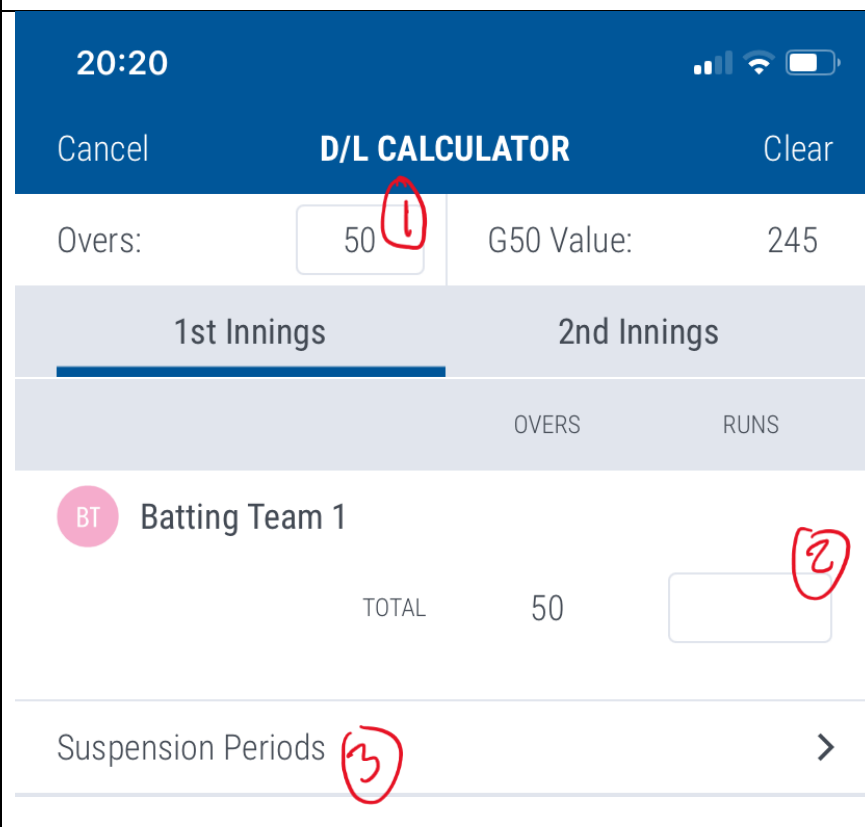

Play Cricket Scorer is a free app provided by ECB and is available on Apple and Google App stores. You do not need to score the game to use the DLS calculator

	<p>Open the Play Cricket Scorer app</p> <p>At the bottom of the login screen, press the “TOOLS” button</p>
	<p>Press the “D/L Calculator” button</p>

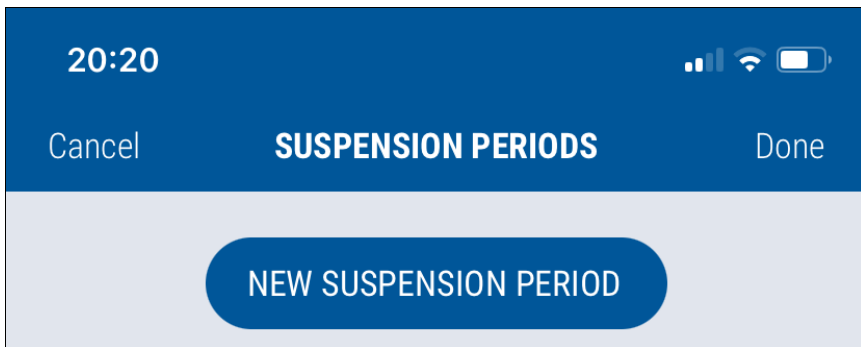

Select “Duckworth Lewis Stern V5”

This is the version used in PCS Pro on laptops.

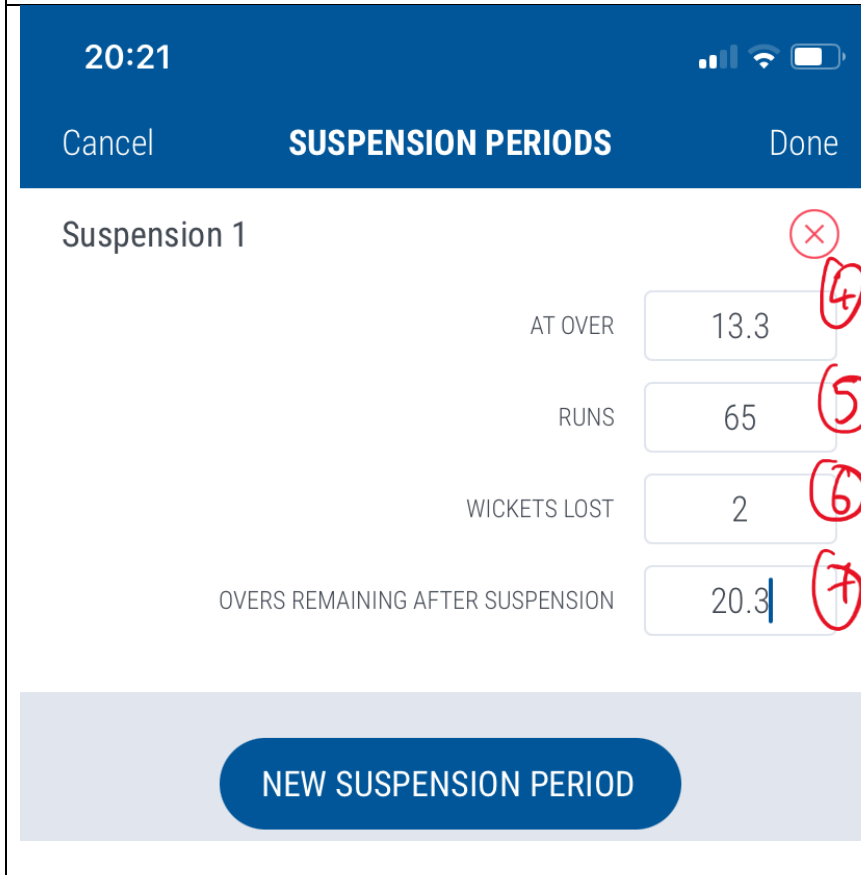

This brings up the screen where you can enter the match data.

- 1) The number of overs at the start of the innings
- 2) The total at the end of the first innings (if there are no stoppages, then it's straightforward)
- 3) Enter any stoppages by pressing the arrow in the “Suspension Periods” area

For each suspension period, click “New Suspension Period”

Enter the details relevant at the end of the suspension

- 4) The number of overs bowled when play stopped
- 5) The total runs when play stopped
- 6) Wickets lost when play stopped
- 7) The overs remaining when play restarts

Click done to return to main screen or “New Suspension Period to ass another stoppage.
