

Oxfordshire Cricket Umpires and Scorers Association

Oxfordshire Association of Cricket Officials (ECB ACO) (incorporating Oxfordshire Cricket Umpires & Scorers Association)

Umpire Stage One/Two Courses

Tiddington Cricket Club

Saturday 5th, 12th and 19th March 2022
1000 to 1630 each day

These two courses will run consecutively over the three days and are aimed at those looking to start out on an umpiring career, those who may have to fill in as umpires for their clubs during the season and those who are established umpires but looking for a refresher and update to their knowledge.

There was a major revision of the Laws in 2017 and again in 2019 so if you have not been on a course recently this may be for you.

They are a requirement under Cherwell Cricket League regulations for those looking to stand regularly for their club as either a panel or club umpire.

The courses do not teach all the Laws but do cover umpiring techniques in fieldcraft and match management to help you through those awkward situations

Registration for the courses will be through the ECB ACO web site at:

Stage One - UES1/000446 - <https://booking.ecb.co.uk/d/smqqdy>

Stage Two - UES2/000398 - <https://booking.ecb.co.uk/d/pmqqdk>

Costs are £30 for the Stage One course and £10 for the Stage Two if booked at the same time.

(You will get a discount code once the Stage One is booked to apply to the Stage Two booking)

(£30 each if booked separately)

For those who may prefer Online learning a self-taught Stage One course can be accessed through the ECB ACO Web site at:

<https://booking.ecb.co.uk/d/r7qw03>

This Online Stage One course is free to register and take but there is no discount on any future Stage Two course, online or Face to Face.

An Online Stage Two course will be arranged if there is enough interest – this will run over 5 weekly tutor led sessions with homework and self-learning between the sessions.

This course is £30

If you are interested but unsure about booking, please contact royle.ian@talk21.com to ask any questions you may have about the courses.
