Introduction

The data shown below comes from the match result and registration forms returned by captains and others of the home sides during the 2011 season. Many thanks to all who submitted forms, with 1 exception all results were in before the next round of matches on the following Saturday. The data was imported into a database built specifically for this purpose and this has made possible the analysis below.

The results are all believed to be accurate. Some of the player information for non-registered (i.e. Divisions 7-10) may not be entirely accurate as there was no requirement provide prior details of players and in particular, U15 players. As much as possible names have been matched up with listed names to account for spelling mistakes and differences between the original lists submitted by clubs and names entered on forms during the season (e.g. Edward and Ed). Lists of players who played in matches in Divisions 7-10 but have not been submitted on club lists either at the start of the season, or during the season can be supplied to individual clubs on request. At the current time there are 82 unaccounted names for Divisions 7-10 and as would be expected none for Divisions 1-6.

It is hoped that over time the process can be refined to eliminate this discrepancy and also to make it easier for clubs to register players and submit results.

There were some technical issues with the website during the season which sometimes resulted in incorrect points being either shown in results and/or the league tables. A check was made each week based on the submitted forms and the tables corrected. Again, it is hoped to fix these issues for next season. It should also be noted that every week at last one submission either to the website and/or on the emailed match forms contained an incorrect calculation of match points. Some simplifications to the points system may be made for next season. During the season we also introduced a section for match points to be recorded by panel umpires on their form (where appropriate) and this was used as a check against the submitted results.

Currently we also plan to simplify the form the captains in Divisions 1-4 used to grade and comment on umpires to make this more meaningful. A draft is in circulation and can be made available on request.

There have been two open forums since the end of the 2011 season and a number of points were raised and these, together with discussions from the cricket sub-committee will be discussed with a view to some minor adjustments t the playing rules and conditions for 2012. These will be circulated for discussion at the 2011 AGM.

Finally if anyone has any comments please email clreg@theoldpost.com and they will be considered along with comments made at the forums.

Umpires Marks

Panel Umpires in Divisions 1-4 are required to mark some aspects of the facilities and teams at the end of the match. The average marks over the season awarded both in division and in total are shown below. Thanks to Tony Lord for compiling this data.

All Divisions Combined

It should be noted here that a significant number of umpires tended towards standing in a majority of matches either in Divisions 1 and 2, or Divisions 3 and 4 so the marking may not be completely consistent across all 4 divisions.

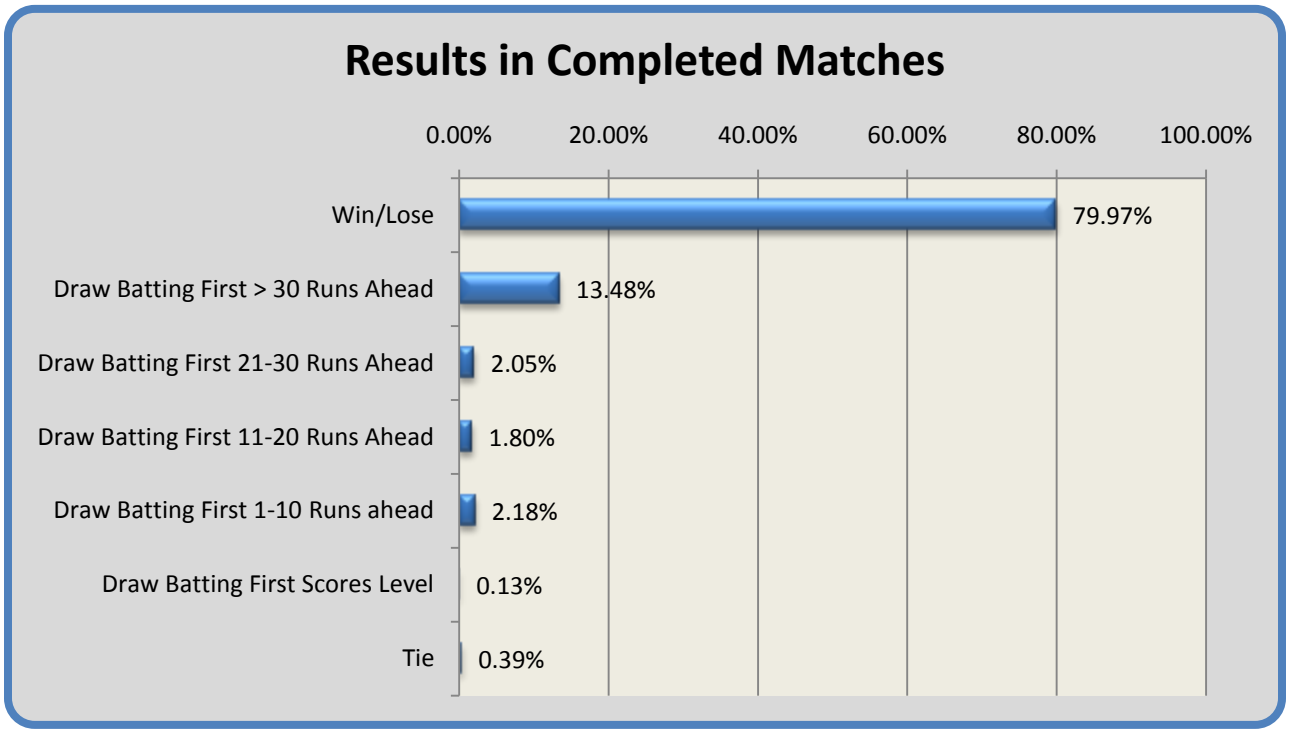
Results

882 matches in 10 divisions (9 of 10 teams, 1 of 9 teams) were scheduled. Of these 79 did not reach a result because of the weather and 24 were forfeited as teams were unable either to raise a side or find a suitable ground.

Of the 779 completed matches 80% resulted in a win/loss, perhaps putting to bed the 'myth' of teams batting and playing for the draw.

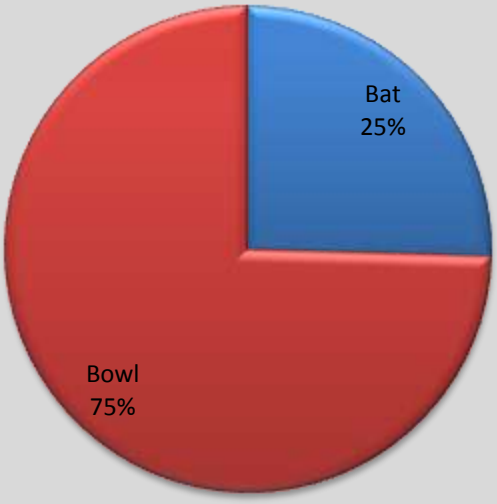
There were 3 Ties.

All the result %s exclude cancelled/abandoned and forfeited matches unless explicitly shown

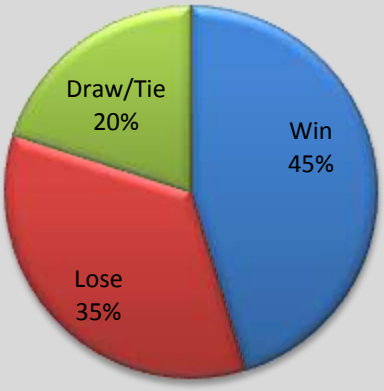


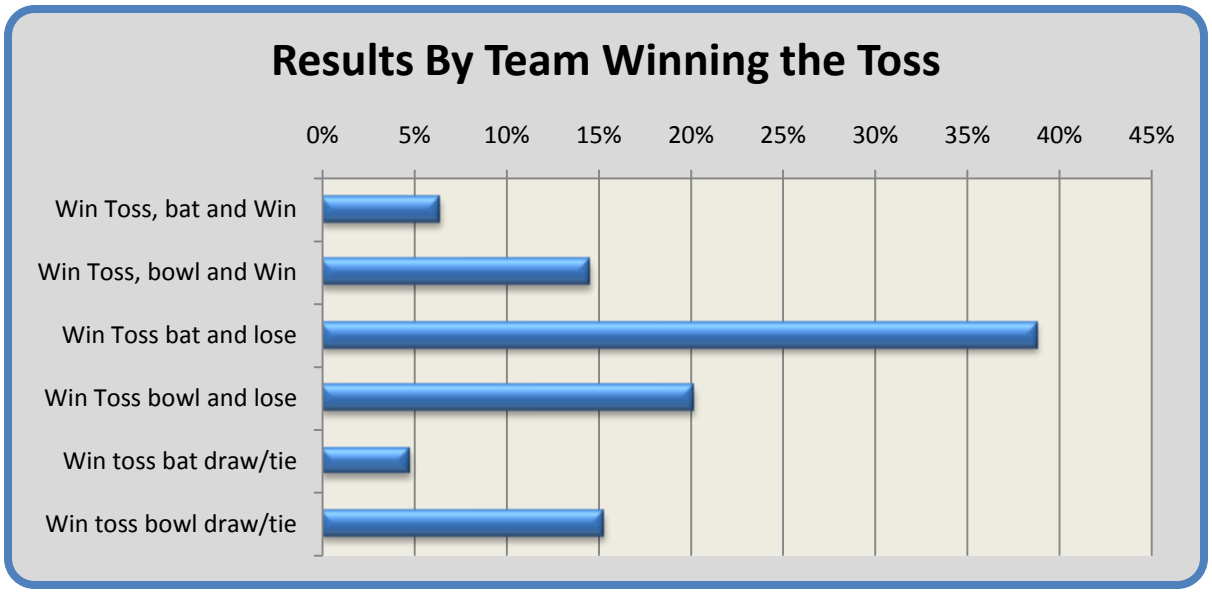
In 75% of the matches played the team winning the toss chose to bowl. However this was no guarantee of success with only 45% of teams who win the toss going on to win the match. Some comfort for captains at the start of the match!

Win Toss and ...

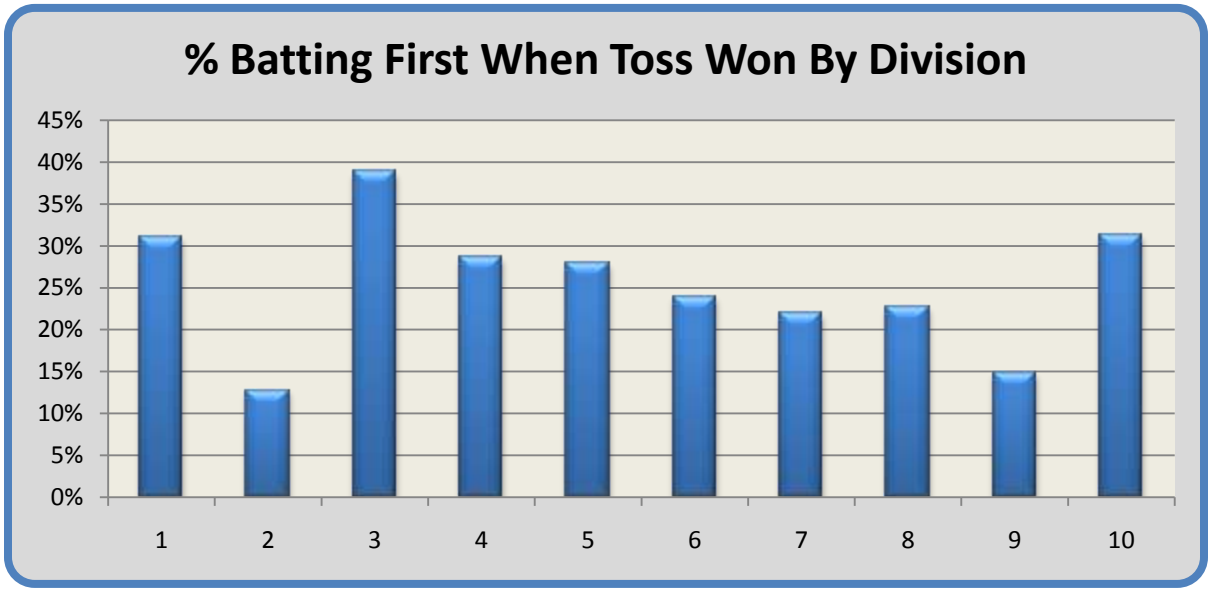


Result when winning Toss

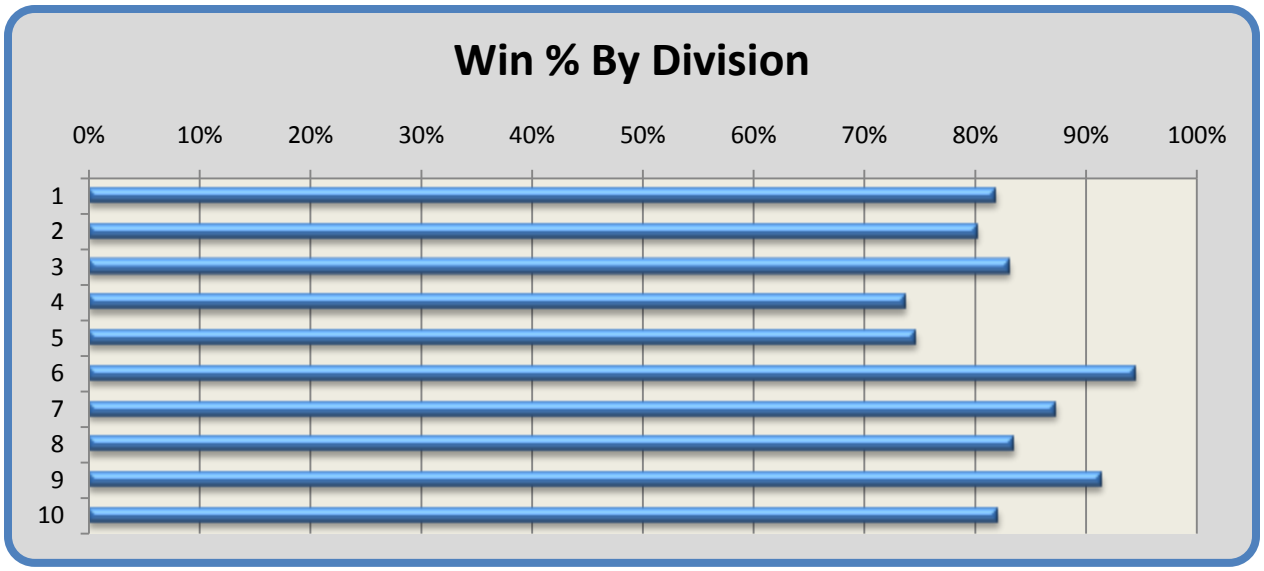




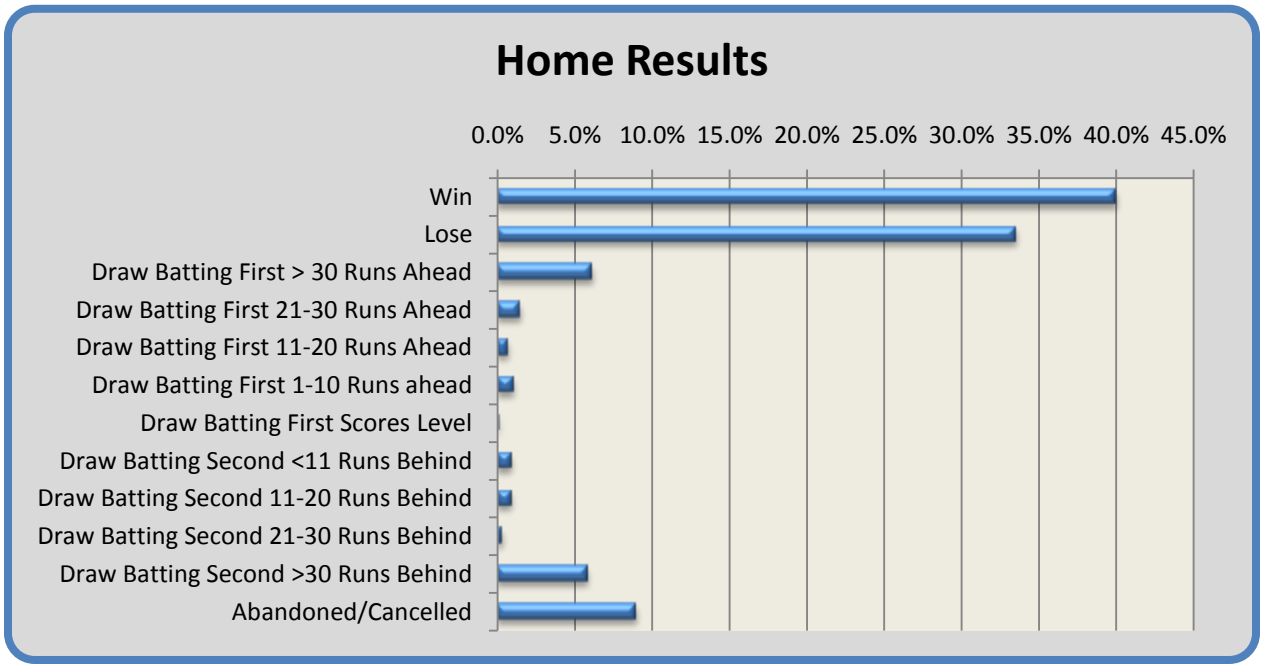
Teams in Division 2 were least inclined to bat on winning the toss.



The win % by Division shows divisions 4 and 5 with the lowest and division 6 with the highest.

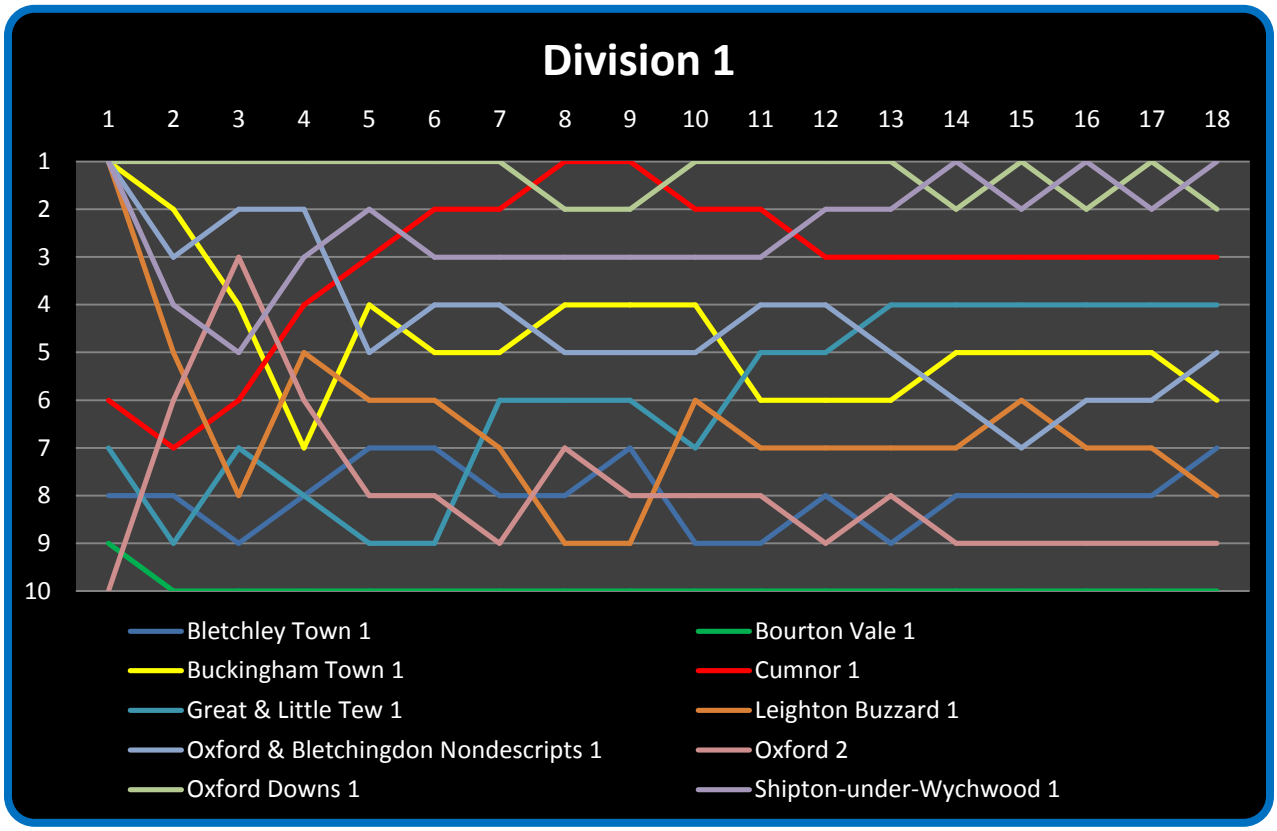


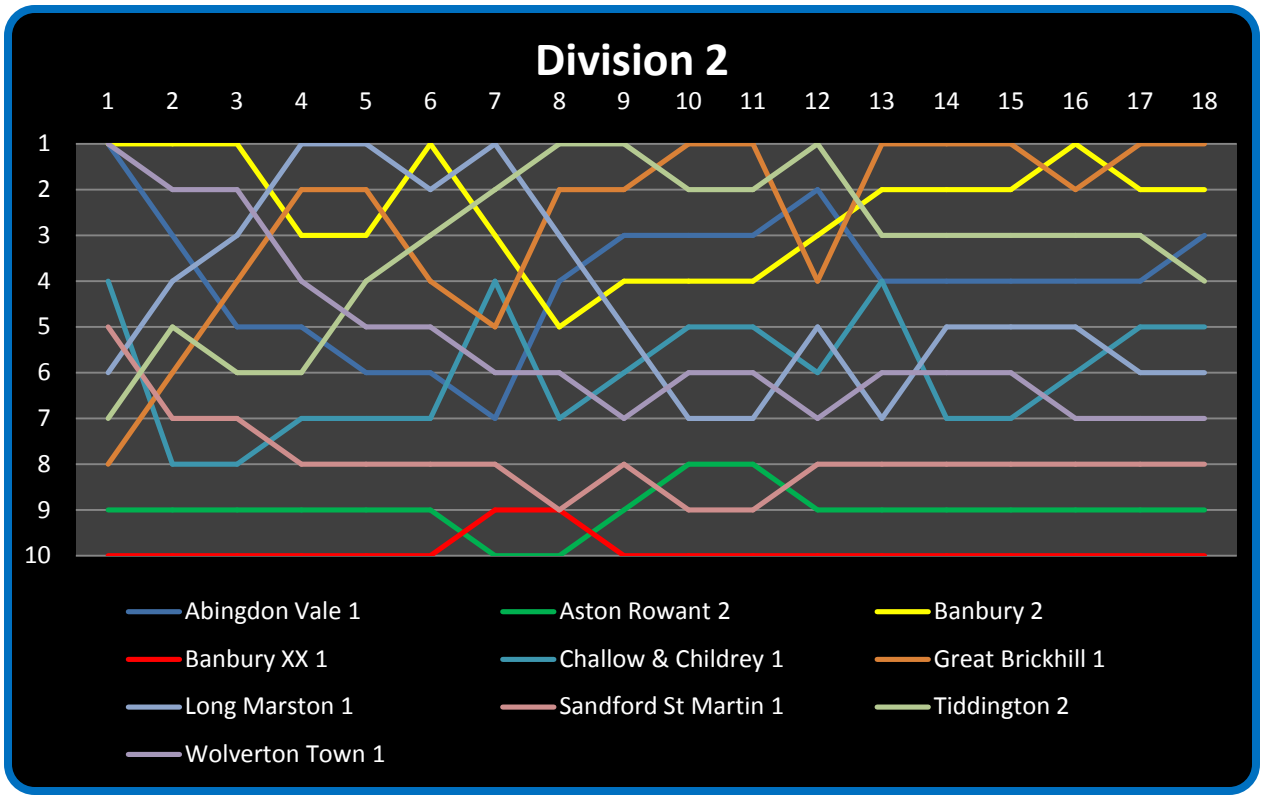
There appears to be no clear advantage to playing at home.



How the Division were Won

The tables below show how the league table in each division changed week by week. Division 1 was a two horse race for the final third of the season and there were some significant late changes in other divisions as well.





Division 2

Individual Winners

The overall winners of the batting and bowling for 1st XIs, 2nd XIs and 3rd/4th XIs were as follows:

1st XI Batting: **Arshad Latif**, Stokenchurch, 888 runs

1st XI Bowling: **Neil Davies**, Chearsley, 53 wickets

2nd XI Batting: **Ben Elkington**, Twyford, 760 runs

2nd XI Bowling: Steve Roberts, Oxford Downs, 72 wickets

3rd/4th XI Batting: Phil Evans, Abingdon Vale, 564 runs

3rd/4th XI Bowling: Robin Newman, Abingdon Vale, 39 wickets

Individual winners by Division were as follows:

Division 1

Batting: Simon Hole, Shipton-under-Wychwood, 742 runs at 43.65

Bowling: Andy Harris, Great & Little Tew/Shaun Miller, Shipton-under-Wychwood, 42 wickets at 10.88/15.71

Division 2

Batting: Sam Thompson, Tiddington, 645 runs at 49.66

Bowling: Graham Charlesworth, Abingdon Vale I, 47 wickets at 11.21

Division 3

Batting: Zawar Hussain, Twyford I, 817 runs at 68.1

Bowling: Steve Roberts, Oxford Downs II, 72 wickets at 9.69

Division 4

Batting: Arshad Latif, Stokenchurch 888 runs at 63.43

Bowling: Neil Davies, Chearsley, 53 wickets at 12.69

Division 5

Batting: Eric Carpenter ,Brackley I, 496 runs at 35.4

Bowling: Neil Smith, Tiddington II, 56 wickets at 8.91

Division 6

Batting: Jonathon Cook, Great Brickhill II, 432 runs at 144.0

Bowling: Lee Beesley, Long Marston II, 38 wickets at 14.21

Division 7

Batting: Ben Elkington, Twyford II, 760 runs at 50.67

Bowling: Ben Moore, Bledlow Village, 32 wickets at 16.59

Division 8

Batting: Phil Evans, Abingdon Vale III, 564 runs at 37.6

Bowling: Robin Newman, Abingdon Vale III, 39 wickets at 15.36

Division 9

Batting: Gary Murton, Stokenchurch, 487 runs at 162.3

Bowling: Jim Spooner, Bledlow Village III, 34 wickets at 13.79

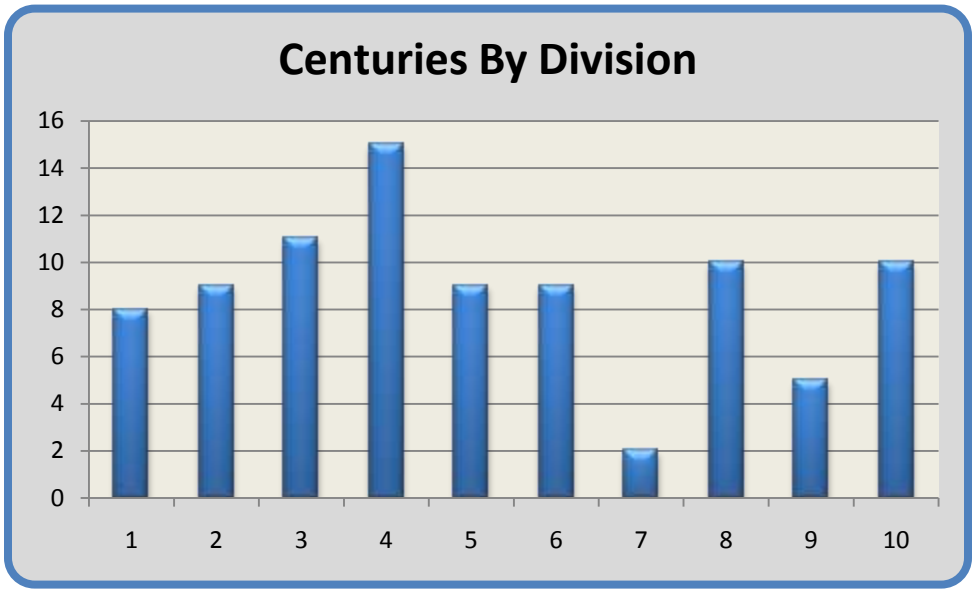
Division 10

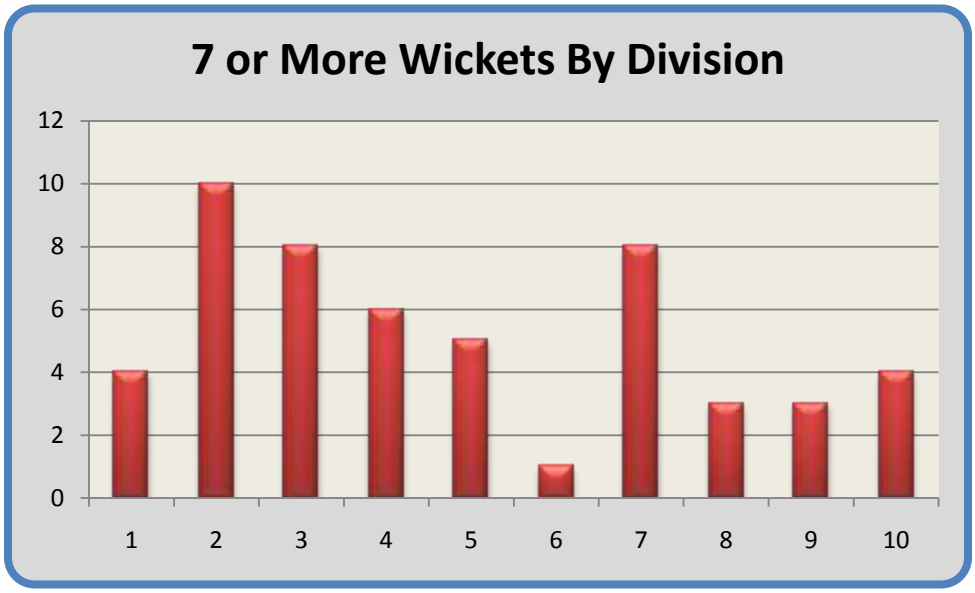
Batting: Marcus Mears, Bicester & N. Oxford, 501 runs at 41.75

Bowling: Matthew Hemming, Shipton-under-Wychwood III, 33 wickets at 14.09

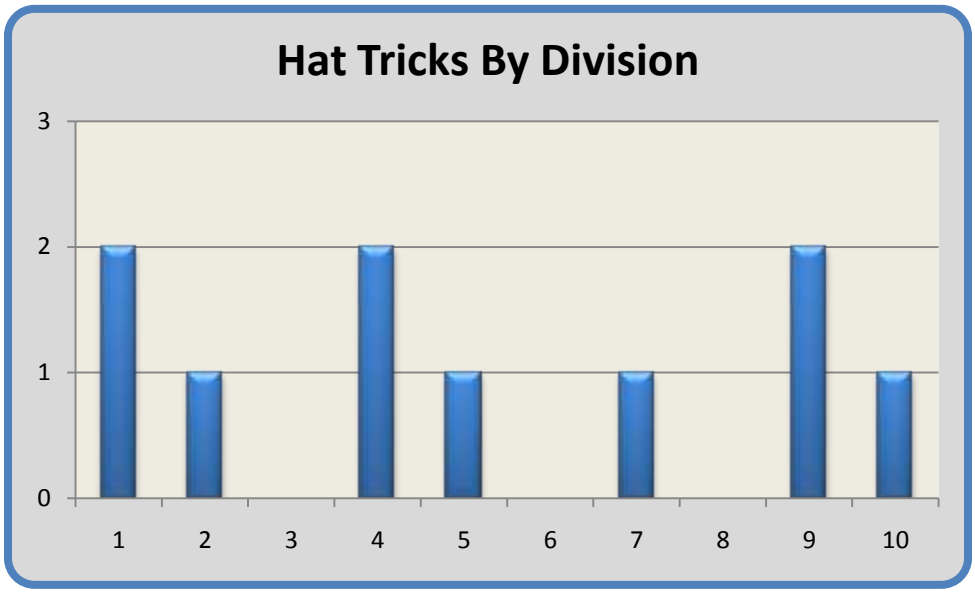
Individual and Club Records

The graphs below show the number of individual centuries and 7 or more wickets by division



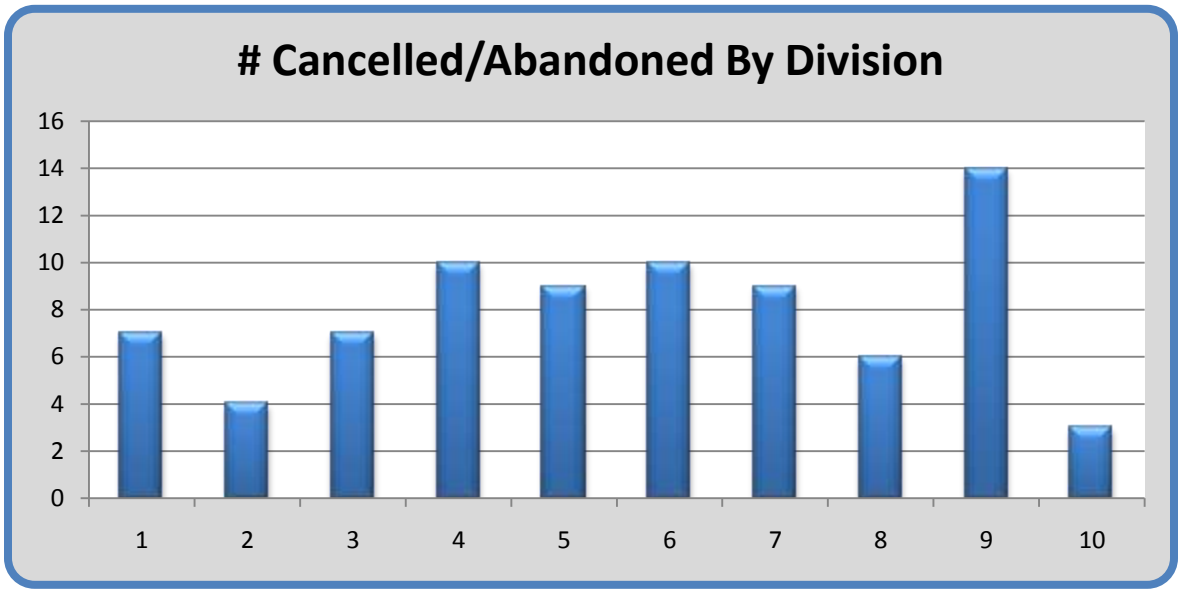


There were 10 hat tricks during the 2011 season:



Weather

The weather caused 79 matches to be either abandoned before the start, or before there was time for a result to take place.
Some teams were affected more than others as shown below and Division 9 was significantly more affected than the other divisions.



Seven teams managed to avoid having any matches cancelled/abandoned, although their results may have been influenced by the weather.

Weather Maps

The Cherwell League covers a wide geographical area and it is often wet in one part but not in another. There were six dates when matches were cancelled/abandoned due to the weather and the maps below show the extent of the cancellations on each of these dates. Clubs with matches cancelled/abandoned are shown in red on the maps below. It is possible that a club with more than 1 team at home on these days played one match and not the other.

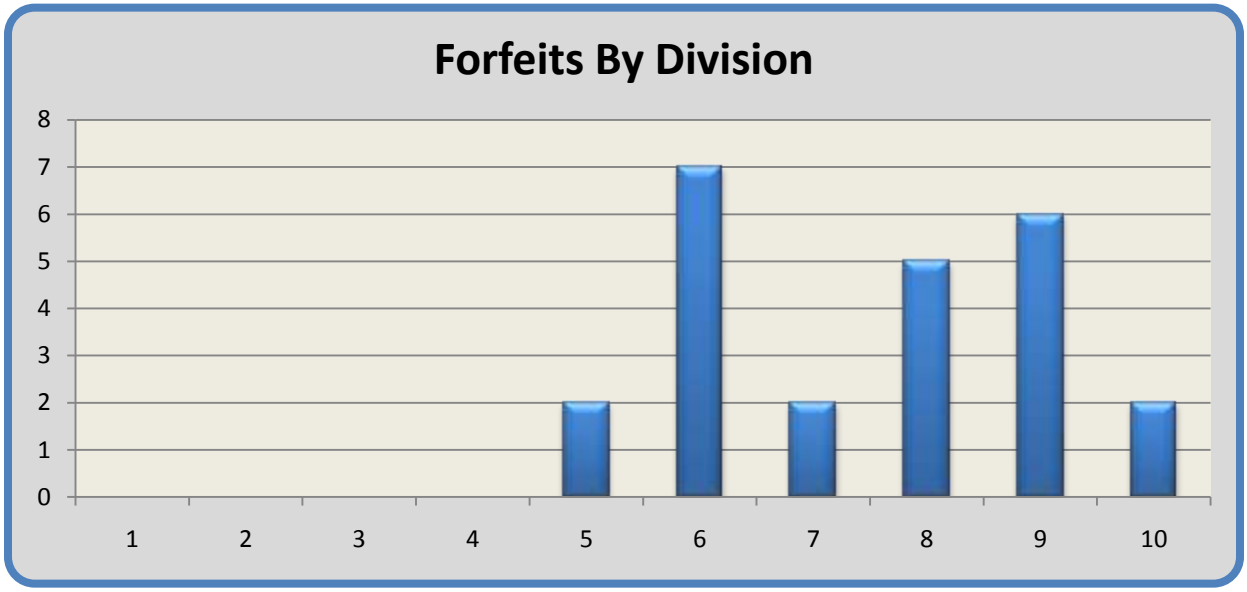
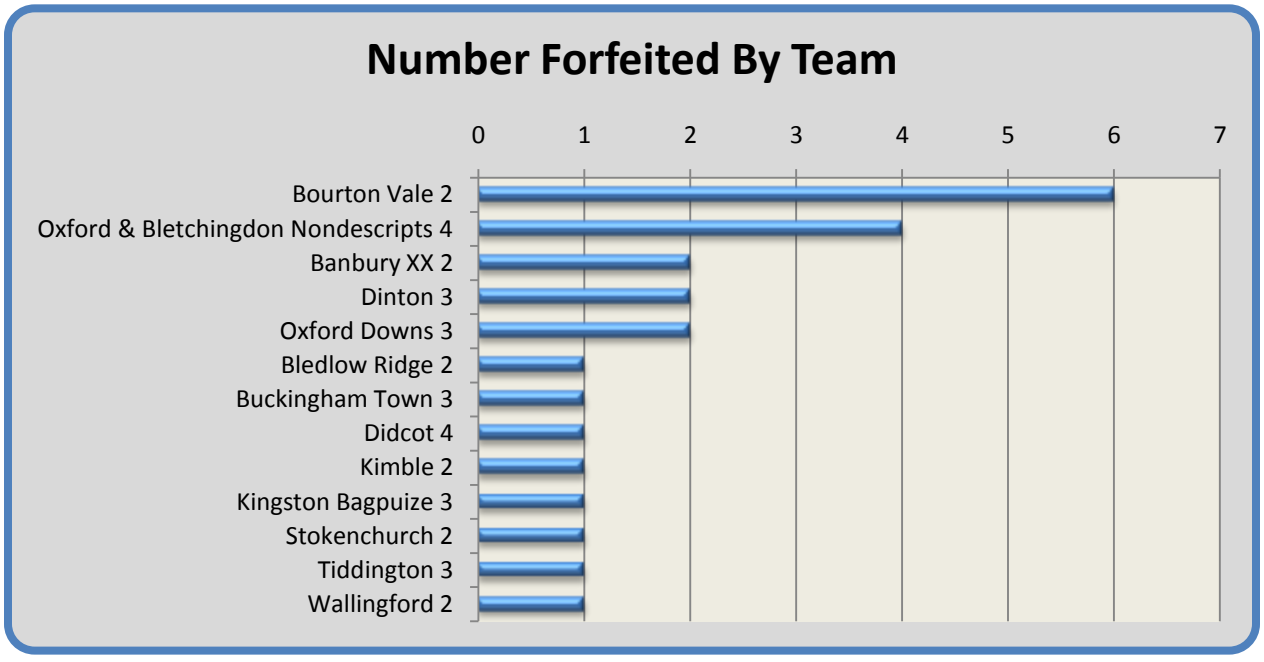
The club locations used to create these maps can be found here:

http://www.bing.com/maps/?v=2&cp=52.471668242999996~-1.9705555429999988&lvl=6&dir=0&sty=c&cid=3743CF08D8A01D35!773

Match Forfeits

24 matches were forfeited by teams who were unable to raise a side or in a small number of cases, at the end of the season, unable to provide a suitable ground.
Division 6 was worst affected by this.

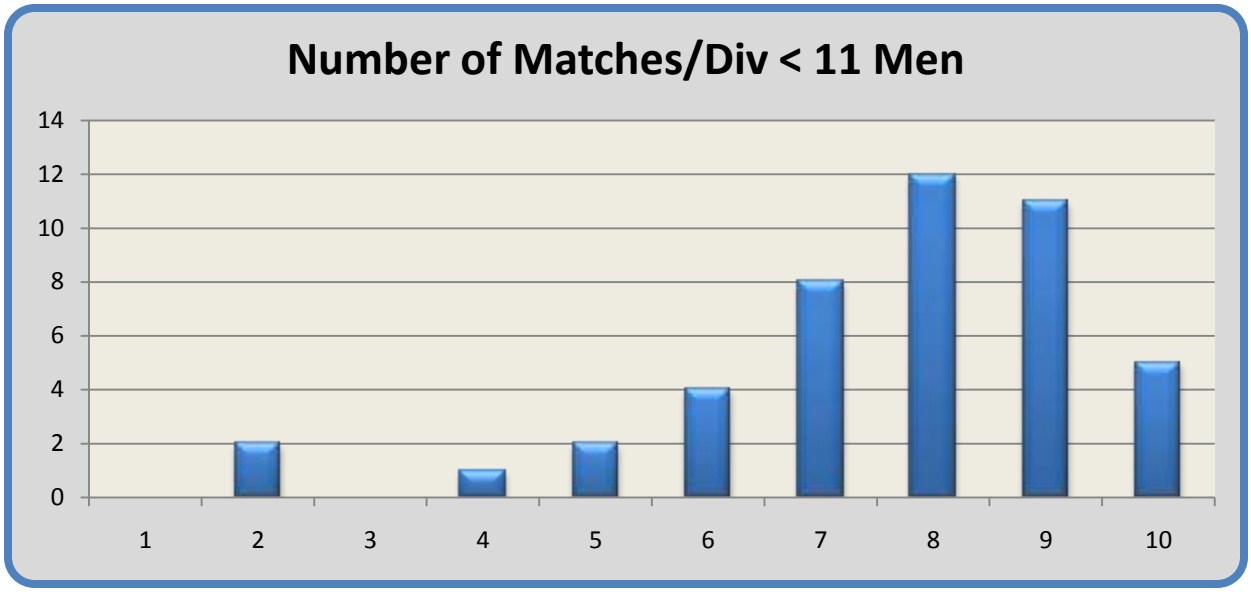


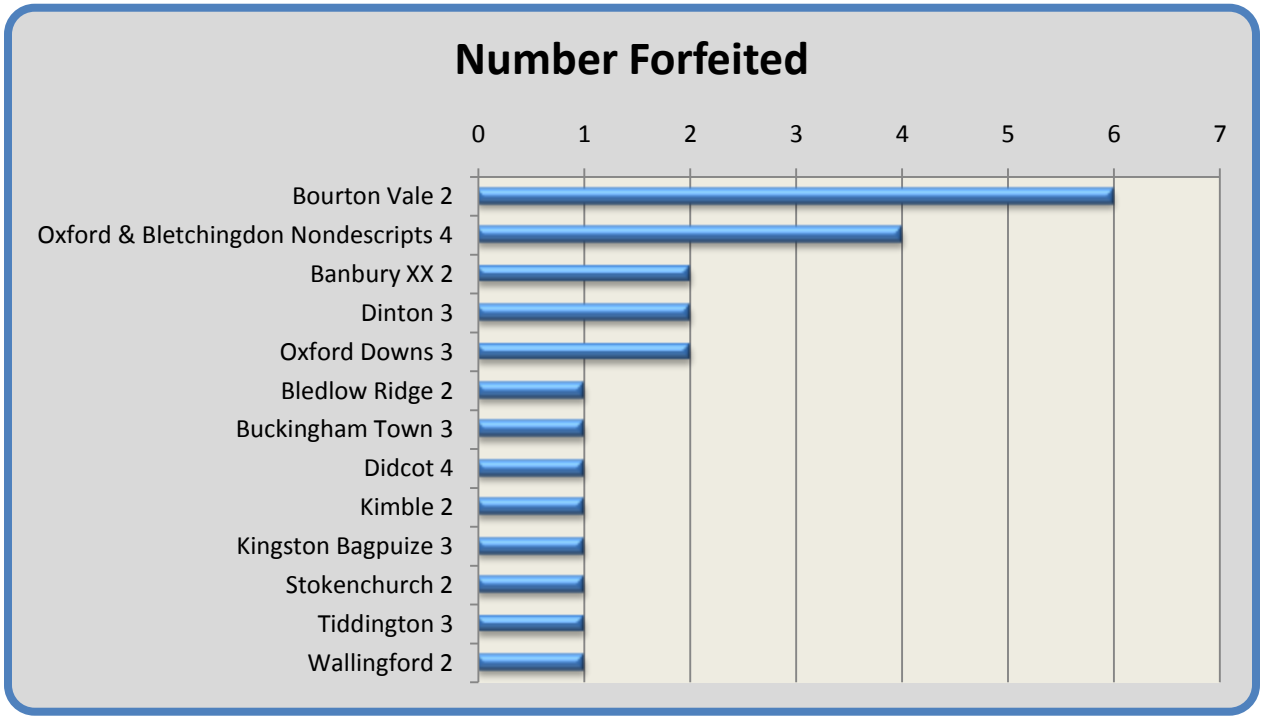


Depleted Sides

According to the match registration sheets returned, forty-five teams played in a match with a team of less than 11 men. In five cases the side had only 9 men. There was a very strong tendency for this to be in matches early and late in the season as might be expected.

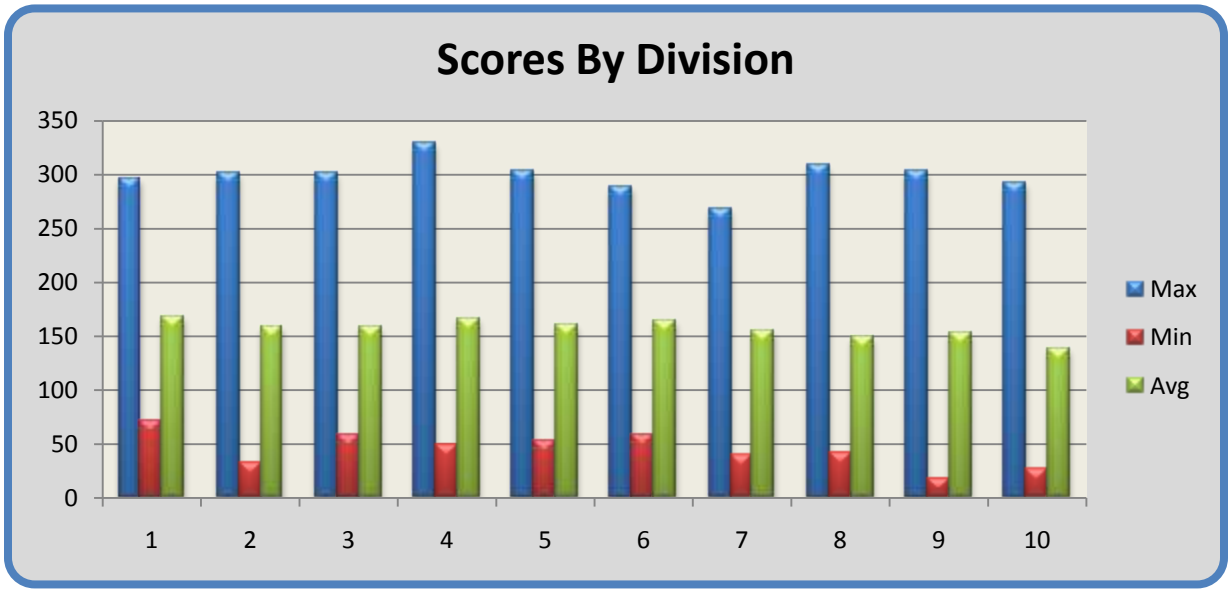
Division 10 was not the most frequent for this, as might have been expected.

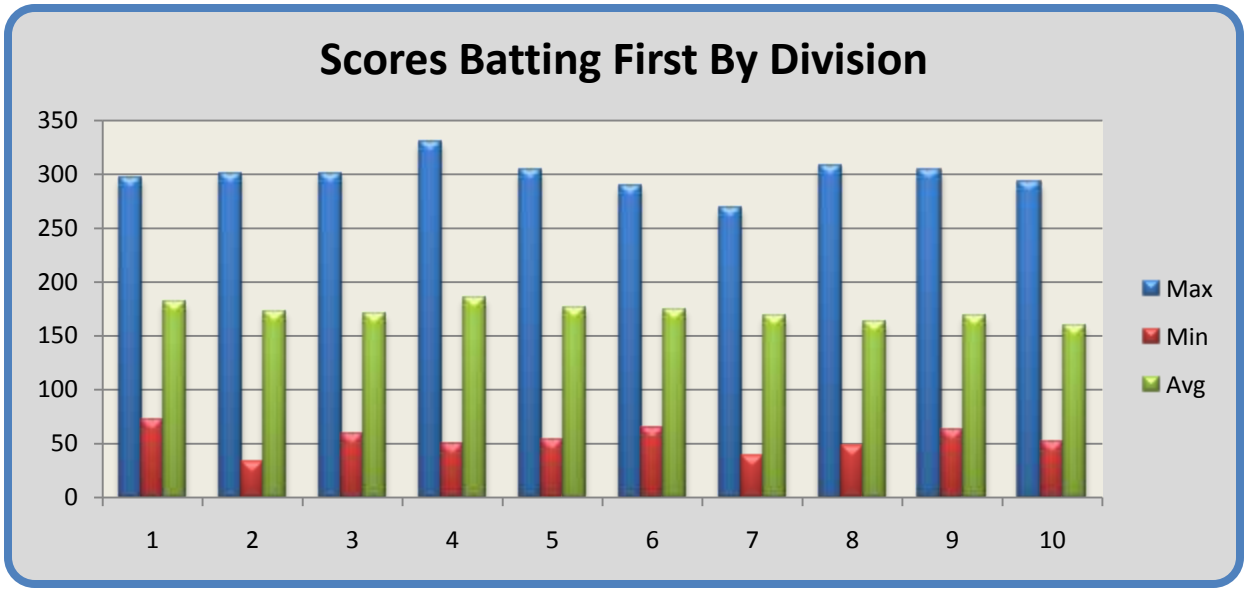




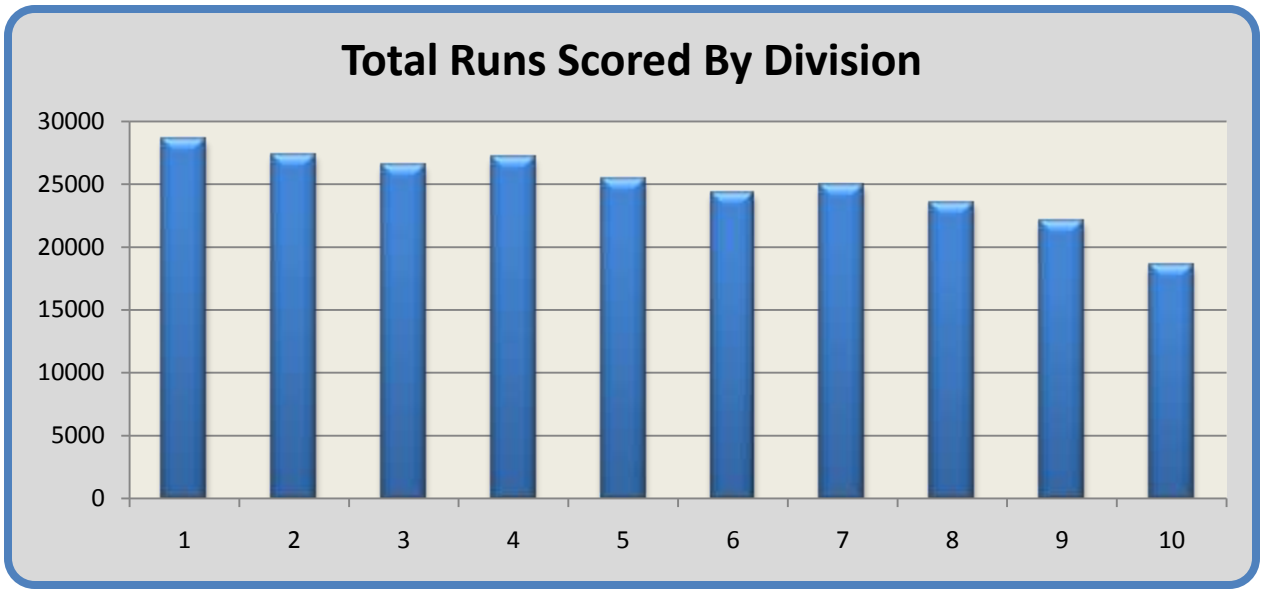
Scores

Based on the match sheets returned (all all were) a total of 248,019 runs were scored, with an average score of 155. 11,706 wickets were taken at an average of 7.3 per innings. 21.1 runs were scored/wicket.





The most runs were scored in Division 1 and the least in Division 10 (where there were less matches scheduled and played, with only 9 in the division).



The most wickets were taken in Division 2 and again the least (for the same reasons) in Division 10.

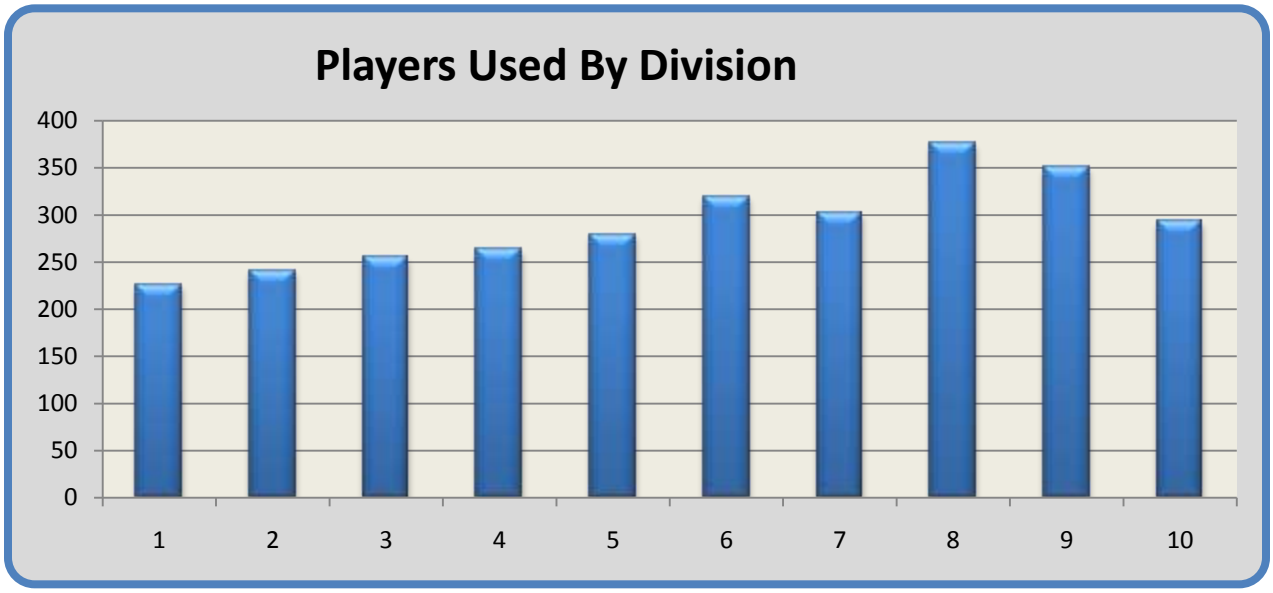
Players and Registration

Based on the match registration forms returned 2904 players were used by the 99 teams (some clearly for more than one team in a club). These are not all different as one player may have played for more than one team at a single club (or transferred). The table below shows how many players were used in each team and club. As of now there are 82 players who played no more than one match each (all in Divisions 7-10) for whom no details have been received. It is anticipated that most (if not all) of these are U15 players where there was no absolute requirement to register details.

341 U15 players were listed, broken down as shown below. As there are a number of unaccounted players the numbers shown below will not be accurate in all cases.



In total 1611 players were registered to play in Divisions 1-6 and a further 1104 listed to play in Divisions 7-10. In addition there are currently 82 names unaccounted for. Giving a total of 2797 named in played in the 10 divisions of the league. This includes U15s whose registration was free.

Of the paid for registered players, 1361 were registered before the season started and a further 139 after the original deadline date for pre-season registrations.

There were seven player transfers during the season.

Rain Scenario 1

In this case 3 points per team has been allocated where a match did not complete the full 100 or 90 overs and the match was shorted AFTER it had started. This has been a frequent cause of concern but the tables show over the course of a season it does not really have any affect.

Division 1

True Posn	Team	Points	Wins	Rain1
1	Shipton-under-Wychwood 1	344	10	344
2	Oxford Downs 1	325	11	325
3	Cumnor 1	297	9	297
4	Great & Little Tew 1	286	7	284
6	Buckingham Town 1	259	6	261
5	Oxford & Bletchingdon Nondescripts 1	260	7	260
7	Bletchley Town 1	232	6	232
8	Leighton Buzzard 1	222	6	222
9	Oxford 2	201	5	201
10	Bourton Vale 1	122	1	122

Division 2

True Posn	Team	Points	Wins	Rain1
1	Great Brickhill 1	338	11	338
2	Banbury 2	334	11	337
3	Abingdon Vale 1	324	11	324
4	Tiddington 1	323	9	323
5	Challow & Childrey 1	267	6	267
6	Long Marston 1	258	8	258
7	Wolverton Town 1	238	5	235
8	Sandford St Martin 1	185	4	186
9	Aston Rowant 2	175	2	174
10	Banbury XX 1	116	2	116

Division 3

True Posn	Team	Points	Wins	Rain1
1	Oxford Downs 2	377	14	380
